Atal Bhujal Yojana and Its Background

Atal Bhujal Yojana (or, Atal Jal) is a groundwater management scheme launched by honourable Prime Minister Narendra Modi on the 95th birth anniversary of former Prime Minister Atal Bihari Vajpayee on 25 December 2019. The purpose of the scheme is to improve groundwater management in seven states of India, in these selected seven states Haryana is one where Atal Bhujal Yojana is being implemented by the I & WR department.

The primary objective of this Scheme is “to improve the management of groundwater resources in the water-stressed areas of the selected States”. Atal Jal is targeted at sustain able ground water management, mainly through convergence among various on-going schemes with the active involvement of local communities and stake holders.

Atal Bhujal Yojana (Atal Jal) aims to demonstrate community-led sustainable groundwater management that can be taken to scale. The scheme has been designed as a pilot with the principal objective of strengthening the institutional framework for Participatory Groundwater Management (PGWM). It also aims to bring about behavioural change at the community level through awareness programs and capacity building to foster sustainable groundwater management. Atal Jal is targeted at sustainable groundwater management, mainly through convergence among various ongoing schemes with the active involvement of local communities and stakeholders.

Capacity Building at Gram Panchayat Level Under Atal Bhujal Yojana

As Atal Bhujal Yojana is a scheme aimed primarily at inculcating behavioural changes among the stakeholders to facilitate judicious use of groundwater, training and capacity building have a vital role to play in ensuring its success. Capacity development activities aim to strengthen individuals, groups, institutions, organizations, or systems to make them more effective program partners.

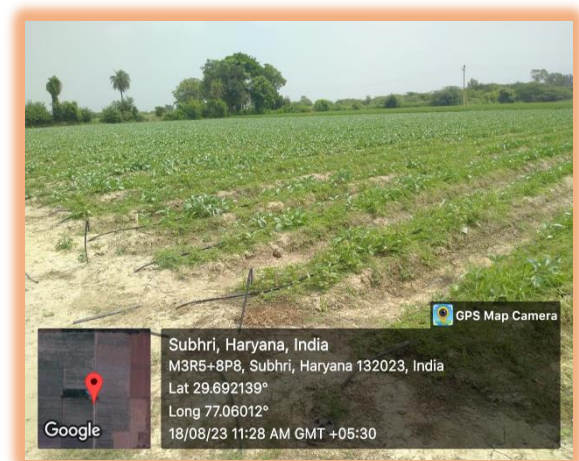

Under this capacity building program, Yuva Mitra aims to conduct trainings in total 6 module in each GP of 10 blocks of 3 districts (Bhiwani, Mahendergarh & Ch. Dadri). Each module has compiling by considering the requirement of fulfilling the purpose of strengthening the community for the effective and sustainable management of groundwater.

In the 3rd quarter (July 2024 – Sep 2024) Yuva Mitra has conducted Module 4 trainings in 47 GPs and Module 5 trainings in 47 GPs of Badhra Block. The targeted participants was the

1. Sarpanch/Members of Gram Panchayat
2. Gram Panchayat Officials
3. Members of Water and Sanitation Committee
4. Progressive farmers, Well owners
5. Members of SHGs, Youth Clubs, Bhujal Saheli
6. AWW, ASHA Worker, Housewives (female farmers) etc.

Module 4 – Smart Agriculture and Irrigation

- Smart Agriculture & Irrigation System (Demand Side Management)
- Objective – Water Management, Fertilizer and Pesticide Application, Reducing Environmental impact, Cost Reduction
- Interventions of Smart Agriculture
- Satellite based Irrigation Intelligence for Irrigation Forecasting
- IOT based Smart Pump Automation for Precision Irrigation
- Direct Seeded Rice (DSR)
- Crop Diversification
- Laser Land Levelling Technique
- Zero Tillage/Happy Seeder Technique
- Micro Irrigation System (Drip & Sprinkler)

Module 5 – Field Day Cum Exposure Visit

- Exposure Visit at innovative centres such as KVK, Indo Israel Centre, Progressive Farming, Poly House
- Water Saving Technologies such as Drip and Sprinkler Irrigation
- Exposure to varieties of fruits, vegetables
- Innovatives techniques such as Mulching, Solar, Rainwater Harvesting, Farm Pond, Laser Land Levelling

Methodology

Under Atal Bhujal Yojana (ATAL JAL) schemes training and capacity building, the following approaches have been adopted to enhance the capacity of stakeholders.

- **Training Need Assessment:** - The process begins with the Training need assessment which includes the meeting with the line departments and DPMU Experts, they suggest their valuable suggestions & inputs before conducting upcoming GP Level training. It also helped in understanding the behavioural practices of the particular area.
 - **Cluster Formation:** - A cluster-based approach followed, one cluster covered 20 villages total of 25 clusters for 458 villages in 10 blocks of 3 districts.
 - **Selection Process:** - Selection of Trainer and assistant trainer through interview process. Choose the trainer with the highest qualifications and experience.
 - **Content Development:** - Preparation of Training Modules based on the need assessment with the approval from the state-level unit (SPMU). Prepared Note Pads and Banners for more dissemination of information at the GP level.
 - **Training of Trainers (TOT):** Module-wise TOTs are conducted with the coordination of the DPMU, DIPs, and PMU team of the CB agency to strengthen the capacity, confidence, and knowledge of the team and trainers before conducting field-level training.
 - **Training at GP level:** - Module-wise training was done at each GP under Atal Bhujal Yojana. Trainers had ensured the training must be interactive and participatory.
- Monitoring and Evaluation:** - Monitoring on a regular basis of training had been done to ensure quality training and Evaluation has been done in the form of quarterly progress reports to analyse the impact of training at the community level

Detail of Trainers engaged for GP Level Trainings in Badhra block: -

Name	Designation (Master Trainer/ Supporting Trainer)	Qualification	Mobile No.
Minni	Master Trainer	Post Graduate	8818091688
Bhoop Singh	Assistant Trainer	Graduate	9991951024
Sujata	Master Trainer	Post Graduate	9992486871
Kapish Kumar	Assistant Trainer	Graduate	9812921998
Narendra	Master Trainer	Post Graduate	9813113100
Vijendra	Assistant Trainer	Graduate	9812811985

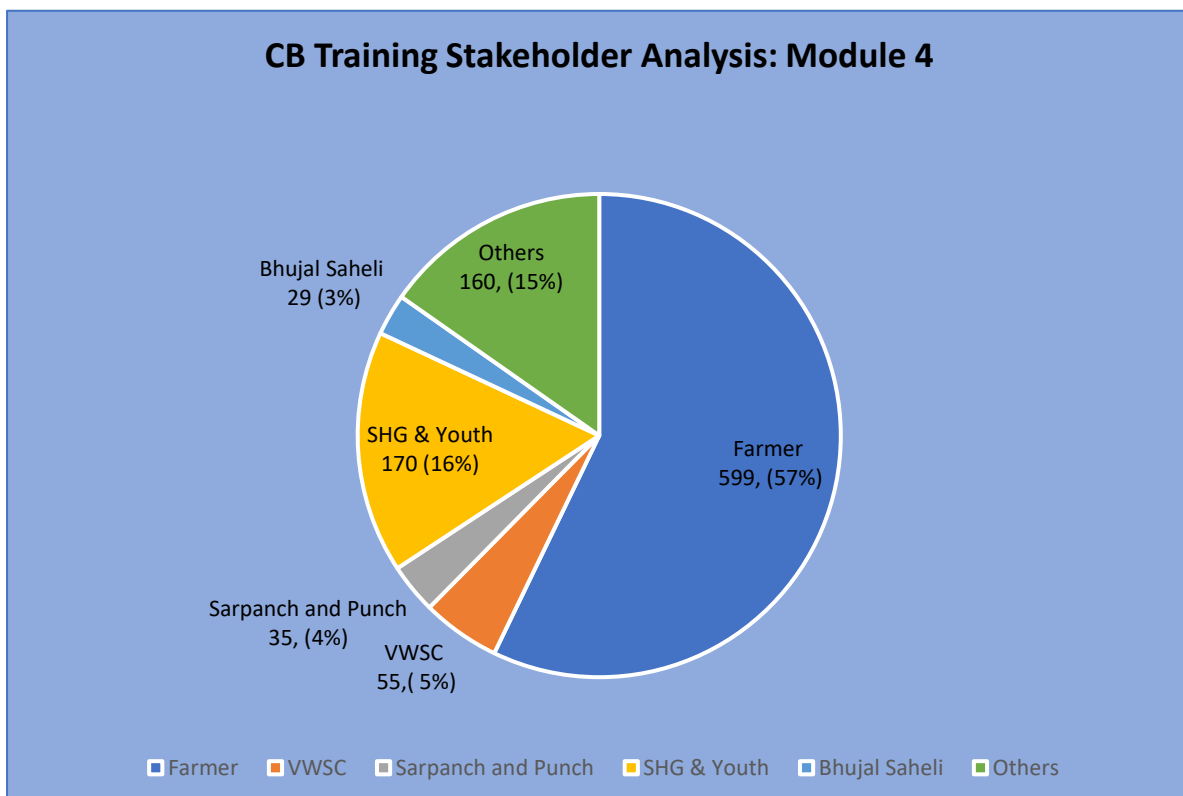

Total Trainings Conducted and Participant trained in Badhra Block during 3rd quarter (July 2024 – Sep 2024): -

Module	Target No. of GPs	Total Training Completed	Total Participant Trained	Male	Female
Module 4	47	47	1209	664	545
Module 5	47	47	188	142	46

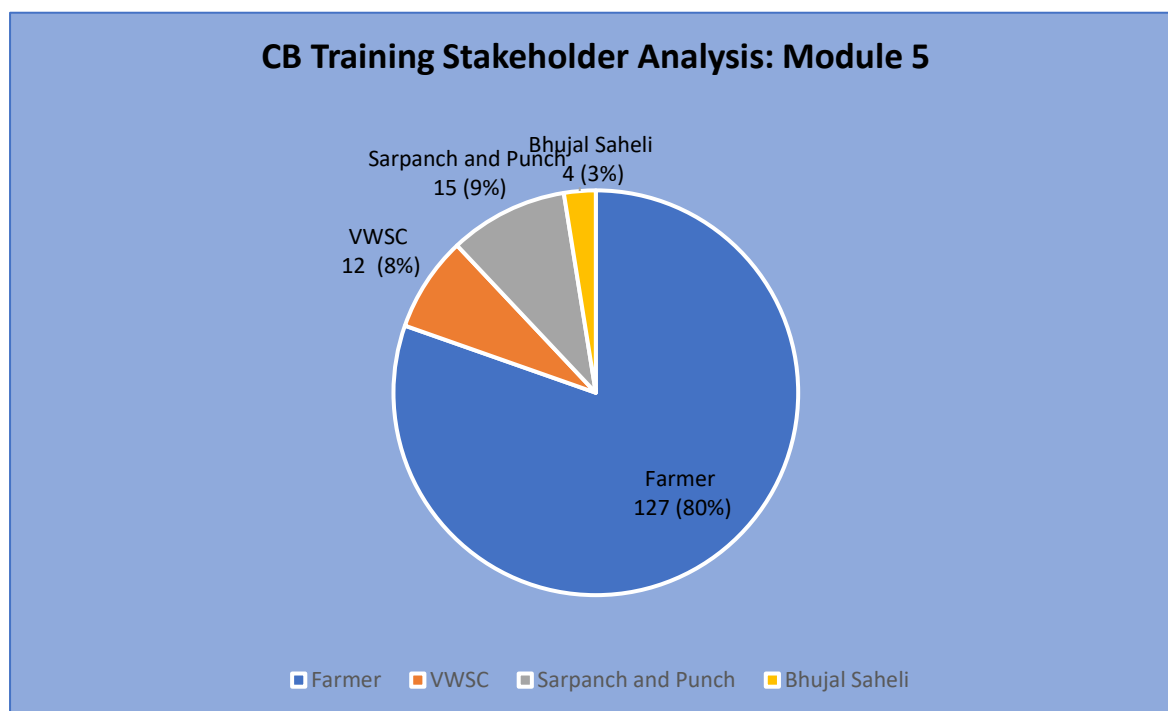

Stakeholder Analysis-: Stakeholder analysis is given below, showing the graph of stakeholder participation at the GP level training.

Stakeholder coverage of Module 4 (“Smart Agriculture and Irrigation”)

Stakeholder coverage of Module 5 (“Exposure Visit”)

Conclusion

The aim of Atal Bhujal Yojana is to bring behavioural change among the stakeholders through the capacity building program. This GP level training plays a vital role in fulfilling the aim. Module 4 of the GP level training is based on the Smart agriculture and Irrigation which includes smart techniques to bring innovation in the Farming. These techniques are useful in saving the water as well as increase the yield. It is useful in making the farming more efficient and sustainable. In the 5th Module, stakeholder gets the opportunity to visit the field and learn the things on ground. Exposure Visit had great impact on the farmers as they learn the new and innovative techniques at the field which also motivates the farmers to adapt the innovatives techniques which helps in saving the groundwater as well as increase the yield. The stakeholders who participated in the training were so enthusiastic and engaging, they also shared their views and feedback on the trainings at GP Level. Through the feedback they appreciated the training program, also shared the things they learned through the trainings. It really helps to motivate them and they are going to implement the things they are learned such as smart agriculture, Water Saving Technologies. The GP level training disseminated awareness among various stakeholders effectively.

Total no. of GPs covered				94		
Total no. of participants trained				1399		
Total no. of training sessions conducted				94 (Per training 1 Sessions in 94 trainings of 4th & 5th module)		

✓ Key challenges faced during the respective quarter: -

- In some villages it is difficult to get women to participate because there is no culture of men and women coming together
- In many villages, the training hall is not available in the village as the public hall or gram panchayat hall is not suitable for sitting, so we have to take

- training in Anganwadi, school, sarpanch or other person's house in the village.
- Electricity often gone in villages due to this trainer's face difficulties in showing PPT on projector.
 - ✓ Major learnings during the respective quarter: -
 - The people of the village are already aware about Atal Bhujal Yojana and ready to gain more knowledge about the scheme as we already have done trainings in the 1st phase of training.
 - In the 5th module people learn about the Smart Agriculture and irrigation techniques.
 - In some villages, women participation is really appreciable, they learnt the importance of managing the groundwater data.
 - Beneficiaries of Atal Bhujal Yojana also participates in trainings and motivates the other people by narrating their own benefits from the schemes.
